

Die Porzellanfabrik von K. Krüger in Waldenburg in Niederschlesien

*Source: Museum of Porcelain in Wałbrzych, archive*

Od 1831 roku dbamy o najwyższą jakość naszych wyrobów, funkcjonalność form i niepowtarzalne wzornictwo.

„Porcelana Krzysztof” Sp. z o.o. jest najstarszą z zachowanych fabryk porcelany na Śląsku. W produkcji odnajdziemy historyczny fason „Fryderyka” zaprojektowany w 1936 r., który stanowi swoistą *carte de visite* naszej długoletniej tradycji. W czasach polskiego New Look wśród naszych wyrobów pojawiły się dekoracyjne figurki i garnitury wykonane wg projektów znanych polskich artystów wpisując się w bogatą estetykę wzornictwa dwóch kolejnych dekad. W najnowszej historii fabryki przełamując szlaki tradycyjnego zdobienia porcelany, rozpoczęliśmy współpracę z młodymi polskimi projektantami i ilustratorami. Połączyliśmy klasyczne formy z estetyką współczesnego świata. Wynikiem współpracy są kolekcje autorskie odzwierciedlające współczesne trendy w polskiej sztuce ilustracji i grafiki.

Zaprezentowany w katalogu bogaty wybór klasycznych elementów i nowoczesnych geometrycznych form, daje każdemu niezapomniane przeżycie komponowania indywidualnej kolekcji porcelany. Surowce używane do produkcji masy porcelanowej i szkliwa w 80% pochodzą z importu, dzięki czemu uzyskujemy białość powyżej poziomu 73% i przeświecalność powyżej 21%. Wyroby pochodzące z naszej fabryki są termoodporne, wykazują dużą odporność na ścieranie i są dostosowane do używania ich w zmywarkach i kuchenkach mikrofalowych. Stosowane przez nas najwyższej jakości farby ceramiczne umożliwiają wykonanie wysokiej klasy dekoracji o szerokiej gamie kolorystycznej.

Z dumą oddajemy w Państwa ręce to, co dla nas najcenniejsze: nasze kolekcje i historię.

Since 1831 our main priority is the exceptional quality of our products, the functionality of forms and the uniqueness of ornamentation.

"Porcelana Krzysztof" Sp.z o.o. is the oldest existing porcelain factory in the Silesian region. Between the production lines you can still find the historical shape "Fryderyka" designed back in 1936, which constitutes a peculiar *carte de visite* of our long-standing tradition. During the New Look period we had a chance to create the unforgettable series of porcelain figurines designed by famous Polish artists. Breaking recently the common ways of the traditional school of porcelain decoration, we established the cooperation with Polish designers and illustrators. We managed to merge the classic shapes and the modern aesthetics. The outcome of this venture is a series of decorations reflecting the contemporary trends in graphics and illustration.

The broad choice of classic elements as well as modern geometrical forms presented in the catalogue gives an unforgettable experience of creating an individual collection of porcelain. The primary resources used for production of the porcelain and the glaze are acquired in 80% from imported materials which results in the level of over 73% whiteness and over 21% transparency. Our products are thermo proof, highly resistant to attrition and both dishwasher and microwave safe. The policy of the highest quality ceramic paints enables us the production of wide colour range decorations of great quality.

Therefore we proudly introduce to you what's most precious to us: our collections and our history.
